

MyChart – Now Available at Jennie Stuart Health

Secure, 24/7 online access to your medical record

As part of our October 5, 2025, transition to Deaconess and the Epic electronic health record, Jennie Stuart Health is excited to announce that our patients now have access to MyChart.

What Does This Mean for Our Patients? Early access to MyChart.

Starting today – Monday, September 22, 2025 – Jennie Stuart Health patients can activate their MyChart account for convenient, secure online access to their health information and an easy way to stay in touch with their care team.

What can Jennie Stuart Health patients do with MyChart?

- **View all of your health information in one place.** See your medications, test results, appointments, medical bills, estimates, and more—even if you've been seen at multiple healthcare organizations.
- **Quickly schedule appointments and find care.** Make appointments at your convenience, complete pre-visit tasks from home, and find the nearest urgent care or emergency room when you need it.
- **Connect with a doctor no matter where you are.** Send a message, get online diagnosis and treatment, talk face-to-face over video, or arrange to follow up in person—depending on the level of care you need.
- **Take care of your children and other family members.** Stay on top of everyone's appointments and check in on family members who need extra help—all from your account.

Stay Tuned: In the coming weeks, Jennie Stuart Health will be reaching out to our valued patient community with more information on how to sign up for and use MyChart.

Ready to Sign Up?

Go to deaconess.com/MyChart and follow the easy steps to create YOUR MyChart account.
