II. PURPOSE: All patients seeking healthcare services at designated rural centers of Deaconess Health System, Inc. are assured that they will be served regardless of ability to pay. No one is refused service because of lack of financial means to pay. This program is designed to provide free or discounted care to those who have no means, or limited means, to pay for their medical services (uninsured or underinsured).

Designated rural centers of Deaconess Health System, Inc. will offer a Sliding Fee Discount Program to all who are unable to pay for their services. Designated rural centers of Deaconess Health System, Inc. will base program eligibility on a person's ability to pay based solely on income and family size and will not discriminate on the basis of an individual's race, color, sex,

national origin, disability, religion, age, sexual orientation, gender identity, inability to pay; whether those payments would be made by under Medicare, Medicaid, or CHIP. The Federal Poverty Guidelines are used in creating and annually updating the sliding fee schedule (SFS) to determine eligibility.

Charity is not considered to be a substitute for personal responsibility. Patients are expected to cooperate with Deaconess Health System, Inc.'s procedures for obtaining charity or other forms of payment or financial assistance, and to contribute to the cost of their care based on their individual ability to pay. Individuals with the financial capacity to purchase health insurance shall be encouraged to do so, as a means of assuring access to health care services, for their overall personal health.

For the purposes of this policy, "charity" or "financial assistance" refers to healthcare services provided by Deaconess Health System, Inc. without charge or at a discount to qualifying patients. Medically necessary care is defined as healthcare services or supplies needed to diagnose or treat an illness, injury, condition, disease, or its symptoms and that meet accepted standards of medicine.

The following healthcare services are eligible for charity:

- A. Services for a condition which, if not promptly treated, would lead to an adverse change in the health status of an individual.
- B. Non-elective services provided in response to life-threatening circumstances in a non-emergency room setting.
- C. Medically necessary services.
- D. Nonpaid services to a recipient of a Medicaid product.
- E. Patient is deceased with no known estate

If the patient does not make effort to pay or fails to respond within 60 days, this constitutes refusal to pay. At this point in time, Deaconess Health System Inc, can explore options not limited to, but including offering the patient a payment plan, waiving of charges, or referring the patient to collections.
